Subject: Reminder

I am not expecting or hoping you work on the "appeal" until after I send you the next checks. However I wanted to remind you that we took an action in converting the "apeal" so we could add the declaration. I don't know what deadline we have for acting on this case. You spoke of working on it in December. I just wanted to make sure we did not mis an deadline.

Please confirm. Thanks.

Bart Classen
